

Good Morning Everybody

A very Happy Republic Day to all. Hope you all had a wonderful start of the year 2019.

2018 was the 40<sup>th</sup> year anniversary of this hospital and had been exciting year full of milestones for our Hospital.

As the Managing Director of the hospital, it gives me immense pleasure to join you in reflecting back on some of remarkable achievements we, as a team have accomplished. I would also take this opportunity to share our future milestones that we are aiming to achieve.

Before, I share our achievements and future milestones, I would like to acknowledge the founders of this hospital, Dr. Sushma Sharma and Late Dr. V.C. Sharma.

This hospital stands tall and strong on the foundation of their immense hard work, sincerity and strong work and service oriented ethics. They have provided us with a great platform to build upon.

As their daughter, I feel great pride and feel blessed to have an opportunity to join all of you in continuing their legacy.

We started 2018 with certain milestones as our goal for the year. It gives me great pleasure to share the success of the achieved milestones with all of you.

1. We have successfully launched Bhamashah Scheme and are close to finishing one year of Bhamashah facility at our hospital.
2. We have also have acquired an in- house Sonography facility.
3. We have successfully established IUI facility and have made tremendous progress in providing infertility treatment for our patients.
4. We have added the third Operation theatre to our facility.
5. We have added more ward space to our facility.
6. We are now a 50 bedded hospital to accommodate our current and anticipated growth.
7. We have recently added credit card payment facility as per the demand and feedback of our patients.

Going forward, we are aiming to achieve the following milestones in the year 2019:

1. We are now in process of acquiring other Empanelment such GIPSA, CGHS and Ayushman and other individual company Empanelment.
2. We are also working on updating our regulatory requirements and aiming to acquire NABH accreditation.
3. We are working to add a Neonatal ICU facility to our hospital.
4. We are also working on adding new doctors and specialties to our facility.

5. We are currently working on getting doctors to kick start our ICU facility into full swing.

6. We are also working on adding fetal medicine specialist this year.

7. Apart from all the above, we are also proudly embarking on a very innovative medical digitalization vision along with Wellopathy. We are hoping to develop this concept which will help us provide convenient healthcare to our patients and better healthcare facility to remote areas while minimizing the cost and spreading the medical awareness, expertise and treatment utilizing the technology medium.

I would like to take this opportunity to thank Dr. Goenka and Achal sir for taking charge of these initiatives and realizing them and also for their leadership in working on our new goals for the year ahead. The management appreciates the entire staff for providing them the support to make all this a success.

It gives me immense pleasure to acknowledge Dr. Swati's contribution towards the remarkable success in infertility treatment. Thanks to her hard work and dedication we are soon earning a reputation of providing successful and educational infertility treatment with minimal cost to the patients.

As we move into the 41<sup>st</sup> year of this hospital, we are working on expanding our hospital facilities and services while constantly working on improving the quality of care we provide to our patients. I feel proud to say that amidst all these changes our first and foremost priority is still about providing quality care and so far, we have been able to maintain our founding principle of patient care and treatment as our first priority.

As always, I cannot stress enough on the value and role of human resources in our team and future vision. I would like to welcome new team members, Dr. Sarita, Dr. Manoj, Dr. Prateek, Abhishek, Sonu, BSBY team and our new House keeping team.

We have gone through many changes and expansions and we all are aware that growth demands more efforts, some setbacks and failures but ultimately leads to great learning and positive results.

It is my humble request to all of you, on behalf of the management to continue providing us your support. We need to make continued efforts to work as a team as a team will produce success of greater magnitude than individual efforts.

On a personal note, I cannot thank each one of you enough, for helping me carry out. I take great pride in being part of your team and together we will take their efforts to greater heights.

Thank you once again.
